*FOR IMMEDIATE RELEASE*

## **Colo Atl Celebrates 15 Years of Excellence in Colo and Data Center Services**

*Celebration includes open invitation to tour the facility, Lunch & Learns, exciting partnership announcements and continued commitment to pricing transparency*

**ATLANTA, March 15, 2016** – [Colo Atl](#), the leading provider of carrier-neutral colocation, data center and interconnection services at 55 Marietta Street in Atlanta, GA, announces today that it will reach a milestone this year; celebrating 15 years of service excellence and innovation in the Colocation and Data Center space. The company has grown from the visions of Owner and Founder, Tim Kiser, to approximately 26,000 square feet state-of-the-art facility that offers both uncompromising customer service and non-traditional amenities, including conference space and access to both the Georgia Technology Center (GTC) and the Southeast Network Access Point (SNAP).

“It gives me great pride in joining Colo Atl subcontractors, clients and business partners in celebrating the company’s 15<sup>th</sup> anniversary,” states [Kiser](#). “We have come a long way since the business was started in 2001 and are very excited about our future as the company continues to grow year after year. The company’s track record of results and success is due to its investment in support personnel, our space and technology.”

Founded in November 2001, the Colo Atl colocation and Meet Me Area (MMA) facility is located across the 5<sup>th</sup> and 8<sup>th</sup> floors at 55 Marietta Street in downtown Atlanta. Colo Atl is a reasonable, accommodating and cost-effective interconnection environment for more than 82 local, regional and global network operators. The Colo Atl facility is also home to the Georgia Technology Center (GTC), a test bed and live production facility for network communications equipment; and the Southeast Network Access Point (SNAP). SNAP provides next-generation Internet Exchange (IX) solutions, including SDN peering, testing and implementation.

**Show Attendance:**

Colo Atl will be attending several events during 2016, including INCOMPAS Spring 2016 in Washington, D.C., April 10-13, 2016. The Company will also join the Fiber Network Alliance for its annual exhibit show May 11-12, 2016 at Lake Lanier Resort, Georgia. Tim Kiser will be

a part of the Fourth Annual TAG/AFCOM Data Center Summit on May 19, 2016. To schedule a meeting and to stay up to date with Colo Atl's event calendar or set up a meeting please click [here](#).
